Attention: Toxic Release Inventory

Dear Sir:

Enclosed please find a Revised hard copy and computer diskettes containing the Superfund Amendments and Reauthorization Act (SARA) Title III Form R Reports for calendar year 1992 for the U. S. Department of Energy, Rocky Flats Plant. Based on additional information, we are revising our earlier submission of June 28, 1993. Our June 28th submission contained only a Form R Report for nitric acid. The enclosed revision changes some of the values on the nitric acid report and includes reports for two additional chemicals (hydrochloric acid and sulfuric acid) that weren't included in the June 28 submission.

If you have any questions regarding the Form R report revisions, please contact me at (303) 966-4440, Tom Lukow at (303) 966-4561, or Cliff Franklin at (303) 966-5919.

Sincerely,

Michael S. Karol
